

The Washington Trucking Associations Safety Management Council unanimously voted to decal a trailer with "Thank a Police Officer Today" to honor all of the fallen officers that go to work everyday to protect the people of this great state.

It is believed that this trailer will serve several purposes as shown below:

1. It will be an everyday reminder to honor all fallen Law Enforcement Officers.
2. This trailer, traveling the highways of Washington practically every day will serve as a reminder to the motoring public that all Law Enforcement Officers that report to work each day to protect each and every citizen are greatly appreciated.
3. With the visibility this trailer will have on the highways, it will keep this reminder in the fore front of each person's mind to "Thank a Police Officer Today".
4. It will also re-enforce to each Law Enforcement Officer that views this trailer that 196,000 professional CDL holders in this State support the work they do each and everyday.

This trailer is a combined project paid for with donations from, the Washington Trucking Associations Safety Management Council, The Washington Trucking Associations Log Truck Conference, Unified Grocers Inc, Signature Graphics, Washington Traffic Safety Commission, and Digital Print Services.
